## A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a waste of time to beat a weary or starved man because he lags in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the deflection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," nervous or distressed feeling in stomach, gnawing or distressing "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than **Dr. Pierce's Golden Medical Discovery**. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot-breads and biscuits, griddle cakes, and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. The ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised.

Don't accept a substitute of unknown composition for this non-secret medicine of known composition.

## KIDNAPPED BOY RETURNED

Little Willie Whittle, who was kidnapped from school in Sharon, Pa., last Thursday, was returned to his father at the Hollenden Hotel, in Cleveland, Ohio, last night at 8:30 o'clock.

In compliance with an agreement entered into between the kidnapped boy's father and an agent of the kidnapers in Cleveland yesterday, the boy was placed on a street car on the outskirts of the city and started to the hotel shortly after 8 o'clock.

Two boys recognized the lad on the car and taking him in charge conducted him to his father, who was in waiting, according to a prearranged plan which he had followed at the dictation of the kidnapers.

The boy wandered about the hotel unannounced for several minutes asking bellboys for his father before the latter knew his son was in the hotel. The moment the anxious parent heard that a strange boy was in the hotel snatching in aimless fashion he rushed across the lobby, grasped him in his arms and smothered his face with kisses.

An attempt had been made to disguise the lad. He wore a pair of smoked glasses and a large tan cap, which was pulled down over his ears, and the father said it would have been difficult to have recognized the boy in such a garb had he passed him on the street.

Willie is in perfect health. He says that he has been well treated, and ever since his capture has been constantly in doors. He believes he was taken from Sharon to Warren and thence to New-castle, Pa. It is his opinion, expressed in a happy schoolboy way, that he was in Ashtabula on Saturday night at the time his father was to leave his \$10,000 in Flatiron Park.

Willie's father refused to say whether he had paid the ransom or not. He said that he received the letter yesterday from the kidnapers at his home in Sharon saying that if he called at a confectionery store in the east end of Cleveland he would be told how to secure his boy unharmed and "well fed."

Shortly after noon he left Sharon for Cleveland. He was unaccompanied. His immediate family and the private detectives he had in his employ he apprised of the proposed secret meeting, but insisted that he make the trip alone. Every one of them was warned that he must be allowed to go unharmed and no attempt at the capture of the kidnapers was to be made.

Willie was certain that if he spoiled the plans of his son's captors last night he would never see the lad again. His experience at Ashtabula served as a warning.

About 2 o'clock yesterday afternoon he went to a candy store in the east end. With him he carried the \$10,000, expecting it would be demanded of him there. He was met by a woman who detailed to him the terms of the kidnapers. With all the eagerness of a distracted parent Willie agreed to them immediately.

Detectives in his employ say that he paid the money, but on this point the father declines to commit himself.

Willie's father declines to name the woman in charge of the confectionery store and almost dares the police to locate her. So the boy was brought from his hiding place—where it was no one knows—to a car line in the east of the city, which would bring him into town quickly.

## THE MINORITY REPORT.

That the Payne tariff bill will increase the cost of living, that it is crude, indefinite, sectional and prohibitive, and that it is an open challenge to a trade war with every other nation on earth, are some of the criticisms of that measure by the democratic members of the ways and means committee in the minority report submitted to the House yesterday by Minority Leader Champ Clark.

The report is a severe arraignment of the revision which the Payne bill proposes. The countervailing duty provisions for coffee and petroleum, the maximum and minimum features, the Cuban reciprocity clause, the woolen, glass, agricultural and sugar schedules are bitterly attacked.

"There are many changes—for the most part minor changes," says the report, "if the Dingley rates—some up and some down. Most of the changes in a downward direction are reductions more apparent than real, the Payne rates being as prohibitive in their results in many cases as the Dingley rates. In some of the schedules containing the most exorbitant rates there are no changes giving any appreciable relief to the great body of consumers."

Continuing the criticism of the Payne bill, the report declares:

"The whole maximum and minimum tariff scheme as set forth in the Payne bill enables foreign countries to force us to raise the rates of the Payne schedule 20 per cent., which would, after making ample allowance for all reductions in the Payne bill, increase our tariff rates, on the average, much above the rates of the Dingley law, a prospect which will bring sorrow and dismay to the great body of the people. We are most heartily in favor of such a maxi-
